ESRC Seminar Series on Clinical Supervision

Organised by the SuPRENet Steering Group

to be held at the University of Leicester, UK commencing April 2010

The aim of the seminar series is to bring together national and international supervision researchers to think about and discuss the future of supervision research, to work on methodological innovations and to create collaborative partnerships. Established or aspiring researchers in the field of clinical supervision are invited to attend as well as research students with current or future projects related to supervision.

The fee for each 2 day seminar is £75 and includes refreshments. The fee for all three seminars is £190 if all are booked together. There are two student bursaries for each seminar. Details can be supplied on application.

There is an upper limit of 50 places for each seminar. We anticipate a significant demand for places and early booking is advised. Evidence must be provided of involvement or significant interest in supervision research. It may not be possible to accommodate all applicants and priority will be given to active researchers.

Closing date for the first seminar is 12 February 2010.

15/16 April 2010 – Outcome and Supervision

The organising theme of this seminar is Practitioner Research: Developing practice based evidence for supervision. Presentations will highlight a potential supervision research agenda, measures that can be used routinely in practitioner research and the involvement of service users in research.

Speakers include Professors:

Michael Barkham, *University of Sheffield*
Sue Wheeler, *University of Leicester*
Mark Aveline, *University of Leicester*
and service user representative Rosemary Barber.

24/25 September 2010 – Supervision and the Therapist

The organising theme of this seminar is an exploration of the ways in which therapists benefit from individual and group supervision. Presentations will focus on methods of researching supervision of therapists in groups and in training, inferences for the supervisee and client and for experienced practitioners in supervision.

Speakers include Professors:

Marie-Louise Ogren, *Stockholm University*
Michael Ellis, *University of Albany, USA*
Tony Roth, *University College, London*
and Dr Thomas Schroder, *University of Nottingham*

18/19 February 2011 – Supervision Process Research

The organising theme of this seminar is methodology for researching the process of supervision. Presentations will focus on an in depth study of the process of supervision, methodological pitfalls in process research and researching topics such as the parallel process in supervision.

Speakers include Professors:

Nicholas Ladany, *Lehigh University, USA*
Claus Jacobsen, *Aalborg University, Denmark*
Jan Grant, *Curtin University, Perth*
Margot Schofield, *La Trobe University, Melbourne, Australia*

22 February 2011 – Supervision research: a one day international conference

This conference will be open to anyone interested in supervision research. There will be a call for papers early in 2010.

Keynote speakers to include:

Nicholas Ladany, *Lehigh University, USA*
Jan Grant, *Curtin University, Perth*
Margot Schofield, *La Trobe University, Melbourne, Australia*
