Dear Professor. Peter Fonagy,

Welcome to Denmark and welcome back again from all your admirers gathered here to day. We are happy for your kindness to visit us in Denmark again, and that you said yes to our Society and a big wish from our members.

You have a central position as Freud Memorial Professor of Psychoanalysis and Director of Clinical Health Psychology at University College, London. You have a number of important positions some of which include Co-Chairing the Research Committee of the International Psychoanalytic Association and Fellowship of the British Academy. Your considerable bridge work attempts to integrate empirical research with psychoanalytic theory, and in this you have a leading position. You are well known in the whole world by publishing over 300 chapters and articles and have authored or edited several important books, some of them translated into Danish.

I am sure that we will have an inspiring and unforgettable day ahead of us thanks to you.

One again welcome to Denmark Peter Fonagy
